**CITY OF PRIEST RIVER  
ENCROACHMENT PERMIT  
GENERAL PROVISIONS**

1. In signing this PERMIT, the PERMITTEE, their successors and/or assigns agree to indemnify, hold harmless and defend, regardless of outcome, the CITY OF PRIEST RIVER against the expenses of claims or lawsuits, including all costs and attorney fees, that are incurred by reason of any act of omission, neglect, or misconduct of the PERMITTEE or their agent (s) in the design, construction, or maintenance of the work described in this PERMIT. A copy of this PERMIT shall be kept on site during the work described in this PERMIT.
2. The PERMITTEE is responsible for utility location request notification through Idaho One-Call (800-626-4950). Such notification shall be performed two full working days prior to project commencement. THIS ENCROACHMENT PERMIT IS NOT VALID WITHOUT A ONE-CALL TICKET NUMBER.
3. The City Public Works Department (208-448-2385) shall be notified two full working days in advance of any work described in this PERMIT being performed.
4. During the performance of the work described in this PERMIT, barricades, lights and other traffic control devices shall be erected and maintained as necessary for the protection of the public and in conformance with the MANUAL OF UNIFORM TRAFFIC CONTROL DEVICES, latest edition. It shall be the responsibility of the PERMITTEE to insure compliance with all Federal, State and local safety provisions.
5. All backfill within the right-of-way shall comply with the requirements of the IDAHO STANDARDS FOR PUBLIC WORKS CONSTRUCTION-latest edition (ISPWC) and detailed under Division 200-Earthwork, Division 300-Trenching or Division 800-Aggregates and Asphalt. Compaction requirements shall be 95% RD for traffic areas and 90% RD in non-traffic areas unless otherwise specified in any Special Provisions attached to this PERMIT.
6. The PERMITTEE shall be responsible for repairs and/or replacement of any asphalt surface removed or damaged. Such repairs/replacements shall be performed as soon after completion of backfill and compaction as is practicable. All asphalt concrete construction or repairs within the right-of-way shall comply with the requirements of the ISPWC-Division 800-Aggregates and Asphalt-unless otherwise specified in any Special Provisions attached to this PERMIT.
7. The PERMITTEE shall, for a period of two years after substantial completion of the work described in this PERMIT, be held responsible for all required repairs within the right-of-way due to subsidence, asphalt breakage or any other material or physical damage that can be attributed to the work described in this PERMIT, and shall, if required, post a cash performance bond in an amount determined by the City Council with the City Clerk for that period.
8. Any replacement of, or addition to, the work described in this PERMIT shall require a new permit prior to commencement of that replacement or addition.
9. The CITY OF PRIEST RIVER may revoke, amend, amplify, or terminate this PERMIT if the PERMITTEE or their agent(s) fail, through willful or unreasonable neglect, to comply fully with the General Provisions listed herein or any Special Provisions that may be attached to this PERMIT.
